

The FAX of Life #37:

With FAXserve, your workday won't get shorter, but the line at the fax machine will.

FAXserve™ by 2Point® Communications, Inc. Automatically send invoices, statements, quotes and purchase orders via fax from your ACCPAC® accounting system saving you time, money and stress.

Introducing FAXserve, the ultimate shared faxing solution that lets you send and receive laser quality faxes directly through your PC, instead of the company fax machine. Now you don't have to worry about information falling into the wrong hands, long lines at the company fax machine, document jams or running out of fax paper. So you can spend less time making trips to the office fax.

FAXserve is designed for all ACCPAC solutions

- Native integration with ACCPAC Advantage Series™ 5.3
- Native integration with ACCPAC Pro Series® 7.3
- Automatically sends invoices, statements and other documents
- Chosen by ACCPAC for their own internal faxing needs
- Reduce your days sales are outstanding with auto-fax invoicing
- Access fax messages directly from within ACCPAC software
- Hardware-free implementation (2Point Internet Fax Service)
- Works with Microsoft® Windows® 2000, XP and 2003
